By Direction of the Convention and Council of Safety. Ordered, that 3000<sup>wt</sup> Powder be forthwith sent to Mr. William Lux in Baltimore Town, and that 70 Muskets, 16 Bayonets, 12 Bullet Moulds, 18 Pistols, 40 Broad Swords and 7 Cutlasses be sent to Mr. Samuel Purviance in Baltimore Town.

Resolved, that the said powder and Arms be this day sent off in three Wagons belonging to George Bear, Henry Coontz and Christian Shell under a Guard of an Officer and six Men, that Mr. Peter Grosh be appointed as Officer to the said Guard, that the owners of the Wagons also be allowed £4 each, that each of the Guard be allowed 32/6, and that the Officer of the Guard be allowed whatever may be thought reasonable by the Convention.

You are to take especial Care that the prisoners do not make their Escape in case they attempt it—and (if) you find it impracticable to prevent it by any other Means than firing on them you are immediately to give the Guard Orders for that purpose—You are likewise to be watchfull that the prisoners be not rescued, And if any persons attempt it you are to order the Guard to secure such persons and bring them before the Committee, but if you find there is real danger of their letting the prisoners loose, you are to give immediate Orders to the Guard to fire on the persons so offending. You are to keep one or two of the Guard standing Centery at the prisoners door constantly, the Remainder are to stay always in the Guard Room, and you are to see that their Guns be kept well charged, in good order and always at hand, and you keep the Guard from behaving disorderly.

Resolved, that the prisoners now in the care of the Committee be kept in close Custody (in the Room hired in Capn C. Beatty's House for that purpose) by the Guard, but the Officer may at his Option permit them to walk separately half an Hour every day in the back Balcony attended by himself and two Centeries.

Resolved, that no person be permitted to write or speak to either of the prisoners except in presence of one or more of the Committee, and that they be not permitted to have the use of pen, Ink or paper unless by consent and in the presence of the Officer of the Guard (or one of the Committee) who is to lay whatever is wrote before the Chairman or one of the Committee for Examination.

Resolved, That the utmost Care be taken by the Guard that every kind of Weapon be kept from the use of the prisoners.

Resolved, That four good Muskets with Bayonets properly affixed and thirty rounds of Cartridges be constantly kept in the Guard Room for the use of the Guard.

Resolved, That the privates belonging to the Guard pay due Obedience to the Officer, and that they execute all reasonable Commands.

Dr Papa

Immediately on the receipt of yr letter relating to Mr Darnall I took the 1st opportunity to wait upon Mr Calvert. I came to the point in question by mentioning the premature death of Mr Tasker: this naturally lead me to enquire who was to succeed him in his office of Secretary: I doubted not but there wou'd be many sollicitors that Mr Darnall in all probability wou'd not be so wanting to himself, as not to sollicit for the vacant office wh I hoped and wished he might obtain. His answer was something to this purport: he wished Mr Darnall well, was willing to serve him (but said this so faintly as gave me easily to understand he wou'd not serve him) that he had heard strange reports of that gentleman: then he added with great warmth and seeming emotion I can't conceive how a man who has taken the oaths can be so deep a dissembler as to appear a Protestant, but at heart remain a Papist. By this discourse you may judge Mr Darnall stands no chance, at least I judged so & dropt the point. I turned off the discourse to the late oppressive double taxing Law I asked him how my Lord or his advisers cou'd consent to a Law they knew to be a breach of Public faith & declared as such by the Attorney General & subversive of the Maryland constitution, unjust by oppressing
